

Environmental

VIOLATION

You have left your engine running.

If it is for a good reason, then disregard this notice.

If not, please know that **idling engines contribute to poor air quality.**

Hamilton has one of the worst rates of childhood respiratory problems in the entire province.

Leaving your engine running in the vicinity of the school can directly harm the health of the children.

Please turn off your engine until you really need it.

Thank you from all the children in this school and the people in the neighbourhood.
